A number of other cities have used Peace Day Philly's inspiring website resources (at www.peacedayphilly.org) to strengthen their IDP activities, and we have all appreciated your work to develop Peace Day tools and to share ideas, information and successes to support the development of IDP efforts in other cities across the world.

The work you have done as Co-Chair of the CITIES Peace Team, the first Peace Team of the IDP NGO Committee formed in early 2012, is greatly appreciated by the Co-Chairs. This Peace Team has also served as an excellent model for others, such as the successful Education Peace Team.
